Guess I'm always in stealth mode. I don't really wear any MAGA gear or have a flag with me.

able to go, and be there in my place. I didn't ask for that fking check and don't need it, fake money that the gubmint prints like Monopoly money, backed by nothing other than more gubmint debt. Glad to be able to put it to good use.

I will be home with my grandbaby praying, at noon we will be doing the Jericho shout. She's two and today we were cheering with the Maga pedes on another flight video.

I work and live near DC. Stealth mode all the time. Like living in a China occupied hell hole. Pacific states ring a bell?

3 This is so true. [u/RedditIs4Retards](#) is either an idiot or trying to get people to dox each other. I'll give him the benefit of the doubt. He's probably just an idiot.

Yeah I'm an obvious glowie because I want to see photos of planes full of trump supporters.

Fuck off

▼ Lol do you not remember when those people involved in the fraud were wearing masks and still got identified? Why do you have such a hard on to see these people that everyone has to include a pic? There are plenty of posts with pics and videos. Go glow somewhere else

▼ “ Lol do you not remember when those people involved in the fraud were wearing masks and still got identified?

The person you replied to knows this, and received several replies in a thread the other day. Zhe even had the same response "Sorry for wanting to see airplanes full of trump supporters."

▼ Fuck you with your glowie shit faggot.

Sorry for wanting to see airplanes full of trump supporters.

My parents were tortured and ran on foot from a communist country only for faggots like you to call me a glowie because I want to feel the excitement in photos. How are you gonna ID people with a photo of the back of their head with masks and hats on?

Those people had close ups of their faces and were easily identifiable. Whose gonna go after millions of trump supporters 1 at a time because of a picture of the back of their head???

Don't fucking worry, they'll come for us whether there are pictures or not.

Calm your ass down with your gay ass accusations.

▼ “ How are you gonna doxx someone wearing a mask and hat, especially if you're taking the pic facing the front of the plane, dipshit?

GTFO with your doxxing shit - you were doing this in other threads the other day as well. Seat position and flight number and a person can be doxxed. Did you forget Deep State has people with access to that information?

If you want to see planes filled with Trump supporters, then do your part and book a flight and join the other Pedes.

1. You've made several assumptions which don't apply.
 2. Your personal situation and desires don't warrant jeopardizing someone else's security.

- Thank you so much.
Nothing glowie about wanting to experience and enjoy this myself!!!
Some damn pictures aren't gonna dox us.
Our internet history and comment history etc will.
Anyone worried about pictures is too stupid to understand we already lost all our privacy and they had a had everything they needed on us for a long time already.
Unless you live in the woods with no data transmitting electronics.
